Notes/Reminders

Age Categories:

Long Jump: 'Junior' will include both midget & junior athletes

Throws: Female midget-aged athletes should enter the 'junior' category.

Field Events:

Due to the large number of entries we receive, minimum standards will be used for field events. Each athlete will have their first attempt measured, after which only attempts that surpass the 10th place distance (from the first round) will be measured.

In events where two age groups compete simultaneously the top 6 from each age group will move on to the final round.

In the final round athletes may only get two attempts (rather than three) depending on time constraints.

Javelin**

There is a conflict with a soccer permit (javelin occurs on a soccer field) and as such we only have the javelin area until 1:30pm. You can see from the schedule that we have combined some age categories to still be able to offer the event. In order to keep the events running on time the above restrictions regarding minimum standards and moving on to the final round will be utilized. Additionally we are putting caps on the javelin entries to be sure we don't run over time as there is no room for leeway.

JG, SG, MB, JB: There will be a cap of 15 athletes per division, based on a first come first served entry via trackdatabase, with each school permitted to enter a maximum of 2 athletes per division.

SB: There will be a cap of 30 athletes, based on a first come first served entry via trackdatabase with each school permitted to enter a maximum of 3 athletes.
